Principal's Report

Kaya Everyone

I wasn't wrong – time since the last newsletter has flown!

Welcome to our two new students who started at Munglinup PS on Tuesday. It has been a pleasure getting to know you and we look forward to sharing our friendship and experiences with you.

My apologies for having to re-schedule the Paint N Sip Mother's Day celebration. I am really looking forward to sharing this event with the women of the Munglinup district on Tuesday 6th June. (This coming Tuesday) Please come to the office to sign in before 9am.

Last Tuesday I was invited to go into Esperance to meet with the Acting Regional Education Director Leigh Nelson, along with the other Mallee Network Principals. Leigh was most interested in the issues facing Munglinup Primary and other level 3 schools in the district. We anticipate that a decision on the appointment of a Regional Education Director will be made by the end of this term.

We were visited by Mrs. Gurney the Year 7 coordinator for Esperance Senior High School who talked to the senior room students about the educational opportunities offered at ESHS. Unfortunately, the representative from the Hostel was unwell and could not attend. I would urge parents interested in sending their child to ESHS to make an appointment to do a tour and explore the program on offer. The Hostel is also keen to provide information and tours to interested families. There are enrolment packs for ESHS in our front office if needed.

COVID has reappeared in our community. If you require RAT tests, please let me know, the school has ample supplies and would be happy to hand them out to any community member in need. We have also left a box of RAT tests at the Recreation Centre. Feel free to take some.

I have been advised that I need to clear my LSL and will do so with minimal impact for the school. I will be on LSL for the last week of term while most students are away from the school site. During my absence Mr. Nick Saul and Mrs. Rhianna Watts will be the teacher in charge – Mr. Saul on Monday and Friday and Mrs. Watts on Tuesday Wednesday and Thursday. All other staff will be at school for their rostered days.

Upcoming events:

- Tuesday 6/6** Paint N Sip 9 – 10am in the junior Room
- Friday 9/6** P & C Meeting 2pm
- Monday 12/6** LAUNCH Principal's program – Ms. Hughes attending
- Tuesday 13/6** LAUNCH Principal's program – Ms. Hughes attending
- Thursday 15/6** Steffi Nadilo School Psych visit am
ESRN Meeting Hopetoun – Ms. Hughes attending
- Friday 16/6** 7am School Council breakfast meeting
Parent interviews – ***please book a timeslot if you haven't already***
- Monday 19/6** Yr 5/6 Parliament Day in Esperance
Level 3 Principal's Conference – Ms. Hughes attending
- Tuesday 20/6** Level 3 Principal's Conference – Ms. Hughes attending
- Friday 23/6** Steffi Nadilo School Psych visit+

Again, a very busy few weeks until our next newsletter.

Thank you to the families who have booked a timeslot for the parent interviews on Friday 16/6/23. I would like to meet with ALL families before that date so I can include your views in our Public School Review. If the 16th is not suitable for you, please contact me to make an alternative time where we can meet in person or chat on the phone. Email: wendy.hughes1@education.wa.edu.au

Enjoy the next few weeks!

CIRCUS CHALLENGE

By Hailey and Mrs Sills

It was the 16th of May when Cascade Primary School came to visit Munglinup Primary School. They meet in the undercover area ready for a Circus Challenge performance. Mr Circus himself had come to show the students some tricks and eventually teach them how to do some tricks.

Mr. Circus began the performance with some fantastic tricks beginning with engaging the students by pulling a random member out of the crowd to become superman. He then showed us some fancy tricks with the diabolo which through audience participation took a lot longer than expected to perfect (our school performers timing was slightly out). We finished the student participation session with 4 students balancing and performing tricks. Will was our superstar performer who could complete all tricks Mr. Circus gave him to challenge him.

To finish the performance, he required the assistance of 2 adults. Thank you goes to Mr. Weckert and Miss Christie for their amazing skills at holding the unicycle whist Mr. Circus climbed up along with some funny dance moves he made them do to warm up.

The students then broke into 2 groups – Senior and Junior to complete 2 workshops with Mr. Circus. All the students were incredible with mastering tricks taught to them. We definitely all wished we could have learnt more.

Student Leadership Day

By Oscar

On Thursday the 25th of May Year 5 and 6 students went to town with Mrs Sills for a Student Leadership Day

The students who attended had lots of fun with all the different schools. There were 8 schools involved in the day. Munglinup missed the first activity, as they were still travelling in. The next activity the students did was the trust fall. After that they did a Yes, no or Maybe game. It was a game that you had yes, no or maybe to choses out of. Maybe was the middle of the court, yes was right and no was left. Mr Jake asked us a question and we had to run to the side that fitted in with our belief. It was an activity where we needed to accept others differences.

Next, was the step-by-step instructions to make fairy bread. It did not go well but it was funny to watch Mr Jake try our instructions. Last we played a tile game where you were in a team, and you had to get across to the other side. There were four teams diagonally across from each other. The goal of the game was to get your whole team to the side diagonally from you without losing the 8 key tiles. If you took your foot off a tile and no one replaced with their foot, you lost the tile. We were not successful, but we learnt that we needed to communicate and listen to others to take our time.

Once completed we moved into the entrance space and discussed what we had learnt and what was good what we had learnt from the whole day. All students then went home.

Tennis Clinic

On Thursday 18th May 2023, Ian, Darren and Jarran came to Munglinup PS from Tennis Academy. The four students in attendance that day meet them on the basketball court to learn basic tennis skills such as backhand, forehand, and how to bounce and balance the ball from these gentlemen.

The purpose of this incursion was for students to learn different ways to stay fit and healthy, practise their hand-eye coordination and to remember prior knowledge and skills taught to them many years ago at the MCG.

On this beautiful, sunshine morning all the students and coaches built up a sweat. It sure did not feel like an autumn day with temperatures reaching 24 degrees. Students met Ian Goolagong who is Evonne Goolagong brother. It was very special learning skills from this top tennis players and coaches. Oscar and I were taught by Darren whilst William and Lincoln learnt off Jarran and Ian. Lots of fun was held by all students and it was fun to see the adults chasing after the balls trying not to get hit.

It was great fun practising our skills and having this experience was a good and gave us an advantage because it was like a partner tennis lesson.

Teacher Reports

Classroom Updates

Wow what a busy few weeks we have been since the last newsletter came out. Students have been involved in many excursions and incursions with the latest excursion conducted as a mallee this very week. Unfortunately, the flu has hit our school over the last fortnight or so which has meant there has been a few interruptions along the way. The students are doing very well with these interruptions and are displaying our Mungy values to keep on persisting to achieve their personal best.

IN Writing the senior students have been exploring the text Beowulf whilst learning the narrative genre. Their focus for this text is to build suspense and use dialogue accurately within their writing. In Mathematics they have begun learning the operations in more depth and how to complete more complex multiplication and division problems.

In Design and Technology students have begun their last project for the term. Lincoln is working on creating ramps to make a toy car go faster before investigating how different materials can cause friction or reduce friction. The senior students are exploring electrical forces by researching, investigating and then design and creating their own steady hand tester. These projects will hopefully be completed (fingers crossed we are all well for the rest of the term) by the end of week 9, when the student leaders head to Canberra Camp for the last week of term.

Our students were extremely privileged to have a mallee excursion this week where all mallee school meet in Esperance to view the stage production of Possum Magic before splitting into Junior and Senior to complete special activities. The students excitement is captured in some images that follow along with the activities they completed after the performance.

Sincerely,

Sara Sills and Rhianna Watts

Helen Compagnoni - Founding member of Munglinup School

Sadly in 2021, Helen Compagnoni passed away. As a school and school community we worked with the Compagnoni family to discuss and decide on the best way to keep her memory alive as a founding member of the school. Helen was the leading lady in the push for Munglinup to have a school for the local children. The school was established in 1960 due to Helen's campaigning with the local teacher living on their farm until a house was built. In 2022, during our end of year celebration, Oscar Ward, on behalf of the Compagnoni family, read the following speech in memory of Helen.

Read by Oscar

It was late in the 1950s and the state government was looking to expand its agricultural area, and the Esperance sand plains was showing a lot of promise, so a delegation of politicians including the deputy premier, who was also the minister for education, a Mr. Watts, drove to Esperance to take a look. After leaving Ravensthorpe the first sign of life they saw was a lonely house on top of a hill on a recently developed farm called Newleigh. So, they called in to check it out, where they found Mrs. Compagnoni trying to educate her three children. After feeding them a delicious meal she seized on the opportunity to pester Mr. Watts to provide a school in the area. He agreed a school was needed but couldn't provide one for just three children, so when the Jenkins and Pettigrew's families settled in the area the number of children grew to 7. That is when Mr. and Mrs. Compagnoni drove to Perth and again pestered Mr. Watts about providing a school, even though the required number of students for the government to provide a school was 12. He immediately agreed to provide a teacher, with three conditions

- 1) A building must be supplied to house 12 children.
- 2) They must find somewhere to board a teacher.
- 3) When a permanent school was provided the temporary school be removed.

The White family from Young River supplied the timber. The Compagnoni's supplied all other materials, a working bee was organised, and the school was built ready for school to start 2nd term in 1960, with the teacher Mr. Robertson living at Newleigh with the Compagnoni family.

The 7 children that attended that 1st day were Joan, Tom and Tim Compagnoni, Kelvin, Jenny and Ian Jenkins and Julie Pettigrew.
